54701200	GREEN
54701200	ORANGE
54701200	DARK BLUE

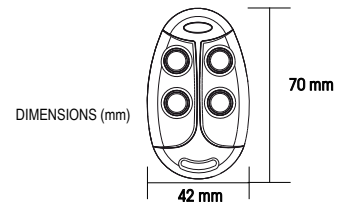

Smart Dual Roll Plus

433 - 868 MHZ FREQUENCIES BILLIONS OF COMBINATIONS
 FREQUENZA 433 MHZ O 868 MHZ CON MILIARDI DI COMBINAZIONI POSSIBILI

- **Solid and compact radio transmitter**
Radiocomando robusto e compatto
- **LED signal** / Led di segnalazione
- **Silicon buttons** / Tasti in silicone
- **Version with Rolling Code 72 bit codification**
Versione con codifica Rolling Code 72 bit
- **Easily replaceable battery 6V(2x3)**
Batteria di semplice sostituzione 6V (2x3V)
- **Remote programming through buttons combination RF UNI**
Programmazione remoto tramite combinazione di tasti RF UNI - SIGNAL BOX UNI - FLEX UNI
- **Max. security thanks to the rolling code system which modifies continuously the code with billions of combinations to make cloning impossible**
Massima sicurezza grazie al sistema rolling code che modifica continuamente il codice con milioni di miliardi di combinazioni per una clonazione impossibile.
- **Programmable with OPEN through cable for codes serialization**
Programmabile via cavo con OPEN per serializzazione codice
- **Version to be combined with a UNI receiver**
Versione da abbinare a riceventi UNI

CODE CODICE	NAME/PRODOTTO
23110571	SMART DUAL ROLL PLUS 2 channels 433MHz (10 pcs)
23110576	SMART DUAL ROLL PLUS 3 channels 433MHz (10 pcs)
23110591	SMART DUAL ROLL PLUS 2 channels 868MHz (10 pcs)
23110596	SMART DUAL ROLL PLUS 3 channels 868MHz (10 pcs)
54710024	LITIO 3V battery (50 pcs - 50 pezzi)

- **433 -868 MHz frequencies**
Frequenza 433 o 868 MHz
- **Rolling Code 72 bit**
Codifica Rolling Code 72 bit
- **Hidden remote learning button**
Tasto nascosto apprendimento remoto
- **2 or 4 channels** / Versione 2 o 4 canali
- **12V alkaline battery** / Batteria alcalina 12V
- **Long range thanks to an antenna of big dimensions** / Grande portata grazie ad antenna di grandi dimensioni
- **Signalisation led** / Led di segnalazione
- **Silicon buttons** / Tasti in silicone
- **Version to be combined with a UNI receiver**
Versione da abbinare a riceventi UNI
- **Version UNI compatible with Rolling Code or Fixes Code encoding**
Versione UNI compatibile con codifica Rolling Code o Codice Fisso

Transmitter with refined design and shiny plastic wings with carbon effect
 Trasmittitore dal design ricercato con ali laterali in plastica lucida con effetto carbonio

TX MASTER (*)
 To program a new transmitter with personalized installer code. Universal for both 433 and 868 MHz.
 Per programmare un telecomando nuovo con personalizzazione codice installatore tramite via cavo. Universale per 433 / 868 Mhz.

COCCINELLA FIXING SUPPORT
 Supporto a muro Fix Coccinella.
